University of Michigan
College of LSA
Ann Arbor, MI

September 7, 2019

Dear Madam or Sir,

Hello, I'm writing to you to express my interest in the Research Support Programmer position with the College of LSA at the University of Michigan in Ann Arbor, MI. My experience in programming, hardware, and research along with my strong desire to learn new technologies makes me an ideal candidate for this position.

In the Fall of 2017, when I was accepted into the Computer Science post-baccalaureate program that I am currently enrolled in, I had essentially no programming experience. Though I have worked full-time and have taken on additional responsibilities as well, I have maintained a very high level of performance in my education. Why is this? I

Sincerely,

Jordan Bartos
